RKM-ARENS Anlagenbau GmbH

The RKM-Arens Anlagenbau GmbH is a medium-sized company of metal working with headquarters in the region of Emsland in Twist and branches in Munster, Essen and Ulm as well as independent companies in Langelsheim, Hengelo (The Netherlands) and Varazdin (Croatia).

The services of the company extend from project management and construction supervision, engineering as well as manufacturing up to assembly and disassembly throughout Europe.

The spectrum ranges from boiler to pipeline construction up to plant commissioning as well as power plant service.
